

“Making Waves with Snail’s Trails”
Class by Wendy Mathson
for Quilt Passions, Quilting on the Beach
Kona, Hawaii February, 2024

Class Description:

Learn how to turn old fashioned “Snail’s Trail” blocks into a splashy ocean wave border. But these blocks are not pieced the old-fashioned way! Make accurate blocks every time with Wendy’s trim-after-you-sew TRIMplate ruler. No templates. No paper-piecing. No bias on the block edges. Just easy sewing and trimming.

Skill level: Beginners who are confident with rotary cutting

Supply List

- Wendy Mathson’s 6” SIS (Squares in Squares) TRIMplate if you already have one. **Purchase is not required.** Rulers will be supplied for students to use in class, and available for purchase for \$22.
- Light to medium gray piecing thread
- Fabric marking pen or pencil, or chalk marker. (My favorite is a Sewline Trio Ceramic marking pencil which has 3 colors.)
- Rotary cutter with a new blade. 45mm recommended
- Any small ruler you like to use for cutting squares from strips
- Cutting mat at least 8” square. A turntable mat is nice.
- Standard sewing supplies such as fine pins, thread snips, scissors, seam ripper
